

TO WHOMSOEVER IT IS CONCERNED

It is with substantial confidence that I recommend Vikas B O. He is one of the exceptional professors I have encountered in my teaching career. He has a keen interest for analytics, sciences and teaching which is evident from the various responsibilities he has undertaken at the Department of Information Science and Engineering, New Horizon College of Engineering. His advanced skills and passion for the research make him an ideal fit for the job role.

Vikas is a sharp and perspective individual with a high aptitude for research and teaching. He is driven to excelling, whether they comprise of academia or research interests. He has been the UG Autonomous Coordinator for the Department of Information Science and Engineering. During the same, he was also the R&D Coordinator, Examination Centre Head. He's been a strong leader in his endeavors, eager to share her knowledge with others and learn new skills.

Vikas B O's personal strengths are as impressive as his intellectual accomplishments. He's an active, outgoing presence at our Institution. His openness to feedback means he's always learning and growing as a learner and possesses impressive strength that will continue to serve him well in any job role. He is just the kind of driven, engaging, and curious person that ardently pursues his interests.

Vikas B O has also proven his research strengths by publishing 3 papers in the topic of Data Mining in various International journals. He believes passionately in social progress and working for the same through his teaching career. His own personal experiences, along with her profound grasp on research, drive his work. He is a talented, intelligent person with the charisma, confidence, strong values, and respect for others to make a huge difference in the world around him. Vikas B O has my highest recommendation.
